QUALITY & PRIDE

A Clemluddy Home will fit your lifestyle

With the help of you and your team, we rebuilt our weekend cottage and transformed it into a beautiful spacious lakefront home. Clemluddy helped us to translate our vision of a perfect vacation home into reality. You listened to our ideas and thoughts and translated them into architectural and design plans. The Clemluddy Construction team has been an amazing group to work with. We very much enjoyed the building of our new home and working with all of you during the entire process. Every step of the way you came through, many times above and beyond that which could have been reasonably expected.

Mr. & Mrs. Fisher

When you first begin a project, you have an idea in your mind about how you would like your home to look; every light fixture, every door, every window. Clemluddy was able to convert our mental picture of our home to reality.

Mr. & Mrs. Knauer

I have nothing but praise for your company; I recommend you whenever I can. In fact, my employee is moving to the area shortly and he wants to build a home. I told him to go to no one else but you.

Mrs. Gibbons
